

## Project Demo Planning

|                      |                                                      |
|----------------------|------------------------------------------------------|
| <b>Date</b>          | 3 July 2026                                          |
| <b>Team ID</b>       | XXXXXX                                               |
| <b>Project Name</b>  | AI Powered Debt Relief & Financial Recovery Platform |
| <b>Maximum Marks</b> | 1 Mark                                               |

### Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

| S.No | Demo Section                          | Description                                                                        | Duration (mins) | Responsible Member              |
|------|---------------------------------------|------------------------------------------------------------------------------------|-----------------|---------------------------------|
| 1    | Introduction                          | Explain Project overview & objectives & Statements.                                | 2               | Douzi Shadab Khanam (Team Lead) |
| 2    | System Architecture                   | Explain frontend, backend,database and AI modules React, FastAPI, SQLite & Gemini. | 10              | Douzi Shadab Khanam (Team Lead) |
| 3    | User Authentication                   | Demonstrate login and registration functionality.                                  | 5               | Shaik Firdose                   |
| 4    | AI Debt Negotiation & Settlement Demo | Show AI negotiation strategy and settlement calculation.                           | 5               | Gajulapalle Nandini             |

|   |                      |                                                                |   |                                 |
|---|----------------------|----------------------------------------------------------------|---|---------------------------------|
| 5 | Financial Dashboard  | Demonstrate financial metrics and loan management              | 5 | Pattupogula Himasree            |
| 6 | Testing & Conclusion | Explaining Testing, performance optimization and future scope. | 5 | Douzi Shadab Khanam (Team Lead) |

### Demo Flow Summary:

| Step | Activity                         | Notes                                                           |
|------|----------------------------------|-----------------------------------------------------------------|
| 1    | Introduction & Problem Statement | Explain borrower challenges, problems and project objectives.   |
| 2    | Solution Overview                | Describe project architecture and workflow.                     |
| 3    | Live Feature Demonstration       | Show login, AI negotiation, settlement, dashboard and database. |
| 4    | Q&A Session                      | Answer evaluator questions and conclude the demonstration.      |
